The next Brand USA board meeting will be held on Wednesday, March 19, 2014. The board meeting will focus on the organization's accomplishments to date and upcoming initiatives, as it enters into its third year of operation.

Brand USA is the public-private partnership responsible for promoting international travel to the United States. The effort is designed to fuel the United States' economy and spur job growth. Its formation marked the launch of the United States' first fully-integrated international tourism marketing effort. Brand USA seeks to position the United States as a premiere international travel destination in support of the National Travel and Tourism Strategy goal of attracting 100 million international visitors annually to the United States by 2021.

According to a recently-published report by Oxford Economics, Brand USA's FY13 marketing campaigns generated 1.1 million incremental visitors to the United States—a 2.3% increase over growth that would have occurred without Brand USA marketing initiatives. These additional visitors spent \$3.4 billion in the United States, including travel and U.S. carrier fare receipts.

This spending fueled the U.S. economy by generating \$7.4 billion in business sales, \$3.8 billion in GDP, \$2.2 billion in personal income and supported 53,000 new jobs. The results equate to a marketing return on investment of 47:1. The study includes analysis of eight markets – Australia, Brazil, Canada, Germany, Japan, South Korea, Mexico and the United Kingdom – where Brand USA fully executed consumer, trade outreach and co-op programs.

In the coming year, the consumer marketing campaign will run in 11 markets that generate more than 80% of all inbound travel to the United States. Brand USA also has travel trade outreach in 20 markets that comprise 90% of all inbound travel to the United States.

Brand USA's partners continue to increase their support of the effort. During FY13, Brand USA formed partnerships with more than 300 organizations that contributed more than \$130 million to the nation's marketing efforts. This more than doubled the level of contributions from FY12 and led to a 97% partnership retention rate. Brand USA enjoys partner support across all 50 states and the District of Columbia.

The travel and tourism industry supports nearly 8 million jobs and accounts for 2.8 percent of the nation's GDP. In 2012, international spending in the U.S. topped \$165 billion. The United States has enjoyed a trade surplus in the travel and tourism sector since 1989.
