

How Brand USA Promotes Alabama

Brand USA drives the growth of legitimate inbound travel to strengthen the U.S. economy, bolster exports, and create quality jobs.

DRIVING U.S. LEADERSHIP IN THE COMPETITIVE GLOBAL MARKETPLACE

Brand USA runs data-driven campaigns that measurably grow international arrivals and spending. These efforts stimulate demand for U.S. destinations, create new travel product for international markets, and ensure economic benefits are dispersed throughout the country. Brand USA makes its biggest impact beyond the gateways, including communities and businesses throughout Alabama.

Social Media

Social media is the primary way people around the world engage, share, and make travel decisions today. In FY23 and FY24, Brand USA featured destinations in Alabama like Birmingham, Huntsville, Mobile, Decatur, and Gulf Shores in more than 20 social media marketing campaigns across multiple platforms.

Content Marketing

Content marketing targets interested audiences with specific USA experiences to convert them from consideration to booking. Alabama is featured in a variety of ways, including:

GoUSA TV is the world's leading streaming channel for travel. With global distribution built in, Brand USA delivers episodic and long-form productions to entice viewers to plan their next USA trip. In FY23 and FY24, Alabama was featured in one original *GoUSA TV* show, "Ellis Family Vacation," and seven licensed shows.

Cooperative marketing allows Brand USA to create effective, unified messaging that spans the country while helping destinations and businesses reach and compete in international markets. Product Development and B2B Marketing

Travel agencies and tour operators are crucial intermediaries with international visitors. Brand USA works with these channels to expand the USA travel product in market, jointly promote new travel experiences, and educate sales forces to increase their ability to convert client interest into bookings. Working with the travel trade to develop and promote product is one of the most direct ways to disperse travelers to new communities throughout the country.

In FY23 and FY24, Alabama destinations participated in several Brand USA *sales missions and trade shows* to connect with the travel trade in key markets and grow visitation and spending in the state, including:

- 2023 & 2024 Brand USA Travel Week UK & Europe
- 2023 New Zealand Expo

Familiarization tours bring key tour operators and travel agents to the United States to experience destinations and develop new itineraries to sell to clients in their home market. These take the form of either small groups of the decision makers from major tour companies (product fams) or large, multi-itinerary groups of dozens of qualified travel agents (MegaFams). In FY23 and FY24, Alabama was featured in:

- UK & Europe MegaFam: Birmingham and Muscle Shoals
